OVERVIEW

Peru Uncovered: 7 Days from Machu Picchu to the Amazon

A 7-day Peru tour combining Cusco, the Sacred Valley, Machu Picchu with a night in Aguas Calientes, Maras & Moray and two nights in the Tambopata rainforest.

This trip brings together, in a single week, the two worlds that make Peru unique: the Inca heritage of the Andes and the southern Amazon rainforest. We designed it from Cusco with a pace that works — full days of discovery, free afternoons to rest and smart acclimatization from the very first hour.

Spending a night in Aguas Calientes, right below Machu Picchu, changes everything: you go up to the citadel early, without a 3 a.m. start or a rushed day trip, and explore it with a guide who explains why every temple and terrace was built. Then come Maras and Moray — the Inca agricultural lab and the pink salt pans — before a 35-minute flight takes you from the mountains to the Amazon.

In Tambopata, an eco-lodge surrounded by jungle awaits: a paddle canoe on Lake Sandoval, home to giant otters, monkeys and macaws; walks to learn about ancient trees and medicinal plants; and a night outing to spot caimans. It's the perfect contrast after the Andes.

It's ideal if you have a week and want to make the most of it. Domestic flights aren't included so you can choose times and fares freely — we're happy to help you book them.
